

Project Details:

The client asked us to complete a take off for a 50,000 square foot roof. This included:

All roof scopes:

- low slope
- steep slope
- Gutters
- roof insulation
- Taper
- metal roofing
- metal wall panels

Pricing:

As per the requirements to complete the 50,000sf Roofing Takeoff:

6 hours x \$35/hour = \$210

Results:

In the end, we were able complete the full take-off in one day for this project providing the following deliverables:

- Summary of QTO
- OST Bid Package
- OST image
- OST take-off tab
